

Reverse Advent Calendar!

Use our Reverse Advent Calendar to collect our most needed items in the run up to the Christmas period.

How does it work?

Fill a box or few bags with one item each day and at the end of the 24 days drop it off at your local Foodbank Collection Point.

You can do this on your own, with your family, or why not get your workplace, school or church involved? In order that we can get the items out in good time to those who need it, we'd love you to do the calendar throughout November, and we ask that all donations come to us by 1st December.
